TECHWEST_{INC}

2025 RETAIL CATALOG

TERMS AND CONDITIONS

Prices are subject to change without notice.

No returns are approved without first acquiring a return authorization (RMA) number. All returns are subject to a 15% restock charge. No returns are authorized after 60 days from the date of shipment.

Payment terms are cash with order or a net payment of 30 days on approved credit. A finance charge of 1 1/2% per month will be charged to an account over 30 days.

A credit line must be established on all open accounts.

Any customer who has allowed their account to become delinquent shall pay Tech West for all legal costs incurred during the necessary collection process.

Any customer allowing their account to become delinquent for extended periods beyond our normal terms will lose their privilege of selling the Tech West product line.

WARRANTY

Warranty service must be obtained through a Tech West, Inc. authorized dealer who carries the Tech West, Inc. product line for which warranty service is requested. It is the retail purchaser's obligation to arrange for delivery, at the retail purchaser's expense, of a product through its authorized dealers for warranty service. It is also the retail purchaser's obligation to comply with the warranty service instructions provided either by Tech West, Inc. or its authorized dealer.

Tech West warrants the original retail purchase within the warranty period of such specified product at Tech West, Inc.'s option to repair or replace components of dental products manufactured by Tech West, Inc. that are defective in material or workmanship under normal use and service. Tech West, Inc.'s obligation under this limited warranty is limited to the repair or replacement of the applicable components.

All part and component returns and replacement equipment under warranty require a Return Materials Authorization (RMA). Warranty returns must be received within 15 days of the RMA issue date. Items returned without an RMA, or included with other products for which an RMA has been issued, will be returned to the customer and no credit will be warranted.

Tech West, Inc. is not liable for indirect or consequential damages or loss of any nature in connection with this equipment. Warranty does not cover dealer labor, or shipping and handling charges inbound to Tech West, Inc. Warranty credit will not be applied to product returns that exhibit damage due to shipping, misuse, careless handling, or repairs by Dealer or unauthorized personnel. Credit, or partial credit, will not be issued until products/parts have been received and assessed. Any product is installed or serviced by anyone other than an authorized dealer or service personnel will void all possible warranties.

ALL PARTS HAVE A 90-DAY WARRANTY UNLESS OTHERWISE SPECIFIED.

WARRANTY FOR ALL EXPORT PRODUCT

All Tech West, Inc. products, i.e., vacuums, vacuum systems, and air compressors have a twelve-month or one-year manufacturer's warranty from the date of installation. Our warranty covers only defective parts covered under the warranty period. Labor or other services are excluded.

Warranty does not cover any misuse or improper installation of products. All installation(s) should be installed according to manufacturer installation guidelines. All warranties are evaluated before approval. Improper installations will void all warranties.

All warranty claims export end-users must contact their export distributors.

The terms, conditions, and warranties contained herein supersede all previous terms, conditions, and warranties, written, expressed, or implied, and are in effect January 1, 2024.

MODEL NUMBER LEGENDS FOR VACUUM PUMPS

TECH WEST ECOVAC VACUUM PUMP

Our EcoVac system provides the advantages of proven technology, durable construction, quiet operation, and oil-free performance with the latest in water and energy-saving features. This is not only important to you as an environmentally responsible business owner, but it also prepares your practice for the upcoming change to metered water usage in many areas of the country. We utilize a Variable Frequency Drive (VFD) to control the vacuum levels. With no suction being used, the motor is running one-third the speed and using very little power. Every time a suction hose is being used the motor automatically speeds up to maintain constant suction.

Maintenance-free unit with no traps to clean, no oil to check or change. Truly a ZERO maintenance machine.

TECH WEST

GOLDENVAC STAINLESS STEEL VACUUM PUMP

The Tech West GoldenVac has proved to be the industry leader in design and performance. A vacuum system you can rely on for years to come. All GoldenVac vacuum pumps have an exclusive warranty with 10 years on all stainless steel pump parts, 5 years on the motor shaft and all other components come with a 3 year warranty. GoldenVac vacuum pumps have an investment cast stainless steel impeller with a radical new design that improves performance by 20% over other pumps. The stainless steel castings provide maximum durability to prevent wear from air abrasion and ceramic particles, or hard water conditions. All motors are thermally protected and are cap-start, and cap-run. This will lower the electrical consumption of the pump. Water recyclers and air-water separators are available for all pumps. The GoldenVacs are available in single, dual, or triple configurations. Tech West will provide plumbing and electrical designs upon request.

TECH WEST EVACUATION SYSTEM CLEANER

Evacuation System Cleaner

The amount of waste residue (Biofilm/plaque) slogging down your evacuation system depends on the age of your facility, water supply pH, chemical cleaner in use, and how much/often it was used. The Restore Protocol will release the Biofilm/plaque material from the inside of your lines/pipes.

Tech West's Microbial Formula digests organic matter and solids which **GUARANTEES TO MAINTAIN SUCTION PERFORMANCE** and "ELIMINATE" Daily Trap Hand Cleaning. 100% All Natural & Biodegradable. Non-Foaming & SAFE for humans, animals, plants, and pipes.

EcoStar-eVac Cleaner comes in two different sizes and the initial amount used to restore the system depends on the age of the system. Detailed instructions are available upon request. It is recommended that EcoStar-eVac Cleaner be used to maintain your system once it is initially cleaned. This will insure cleanliness and long life of the system.

TECH WEST PUMP ACCESSORIES

WATER RECYCLER

Tech West's water recycler is a simple yet effective way to save as much as 70% of water consumption. It is factory installed on the pump or can be field installed with ease.

PART#	DESCRIPTION	PRICE
WRK-100	WATER RECYCLER KIT	459

P-TRAP ADAPTER

The P-Trap adapter is designed to be used with all Whirlwind/Goldenvac Pump models with exhaust separators. The separator waste connection may be hooked to the P-Trap Adapter without worry of splash or vapor contamination. It includes a 1 1/2" ABS slip connection to P-Trap, a stainless steel bridge assembly with 90 degree PVC elbow and adapters for 3/4 drain flex lines.

PART#	PRICE
PTA-100	179

STACKING RACK

The stacking rack is designed to reduce the space required to install vacuum and air equipment by about half. The space savings is achieved by placing the stacking rack over your compressor and installing your platform mounted Whirlwind/Goldenvac pumps on the rack. The stacking rack fits both the dual and triple vacuum systems.

PART #	HEIGHT	WIDTH	DEPTH	WEIGHT	RETAIL PRICE
SR-100	39	43	27	75	1,227

AIR WATER SEPARATOR WITH VAPOR STOP

Air-water separators are available in single, dual, and triple models. They are designed to separate the liquids entrained in the exhaust. A vapor-stop fitting allows the liquids to create a gas and vapor trap, thereby eliminating odors and contaminants from entering the equipment location. All models include vapor-stop, hoses, fittings, P-trap adapter and a mounting bracket.

PART #	DESCRIPTION	HEIGHT	WIDTH	DEPTH	WEIGHT	RETAIL PRICE
